Like a rag doll. Just fuck-fuck-fuck-fuck- FUCKING me hard all the way over the bed!

I couldn't believe it! Nobody had ever treated me like that in bed before. I was totally shocked because everything in my background, the way I was raised and taught and simply the way I am, led me to think you treat a person with *respect*. And if you want to have sex with that person?! My God, you should treat that person like a queen, like a princess! You flatter them and compliment them and patiently let them slowly warm to you and open up. You build a relationship out of trust and friendship and mutual understanding. You wait for her to give signs that she's comfortable with you and subtly inviting you to tentatively go a little farther. And, with each phase, you pause and reassess and make sure she is giving you the green light. You don't just put their legs over your shoulders and plow them 'til their head is bouncing off the mattress!

Maybe it was because I was cheating. Well not *cheating*-cheating, but...okay, I admit it was cheating. I have a high school boyfriend and the two of us have made serious promises about how we are going to make this long distance relationship work. I made him swear to stay faithful and call me on the phone every day. We have a bond built on trust and caring. There was even talk about marriage. And I meant all of it, I did. I truly did! So three weeks into college what happened? The truth is...I don't really know why I do things sometimes.

Just fucking me senseless! My head is hanging off the bed now and my mouth has fallen open out of the complete shock of the power of his thrust ramming into me. He doesn't seem to have any regard for my pleasure, just selfishly slamming his cock into me to get himself off. I put my hands up against his chest, feeling his muscles ripple with each thrust. I've never felt anything like this!

He sort of took control the minute I kissed him. It's like that was enough, like with a kiss and pulling off my shirt I'd agreed I was his and he could do whatever he wanted. With fierce kisses he squeezed me in his thick arms, his strong hands gripping my thighs, twisting my body around until I was submissively face down on the bed, letting him pull my jeans and panties down my ass. I gasped as his fingers cupped and massaged the mound of my pussy. His fingertip was slowly curling through the fold, tickling open the luscious slit, probing the tight little hole that was ever so shyly opening up for him. Then, out of nowhere, I heard him clear his throat and suddenly a big wad of spit landed on my ass. Then a finger was pushing it in my crack, pressing hard up against my—OH MY GOD!

I'd never been spanked in my whole life. All I did was try to tell him I didn't think I wanted a finger up my butt and—WHAP! I was so shocked that all I could do was stare at him. Nobody had ever, ever, EVER done that to me. To ME! And his fingers kept going up my ass and pussy calmly, like he didn't even remember doing it. And—oh, God, I couldn't believe it—my pussy was getting so wet! And my butt had seemed to totally surrender the instant he spanked me, as if out of shock. There was no resistance at all as he probed my ass to the bottom knuckle. I put my face down in the pillow and just moaned.

He's grabbing my neck as he takes me from behind. My head is hanging down, hair sweeping the bed as my body quakes with each powerful thrust. He's in so deep! I grip the bedspread so I don't fly across the room from the force of his pounding. He's taking his pleasure and I am right there with him, getting off on him getting off on me.

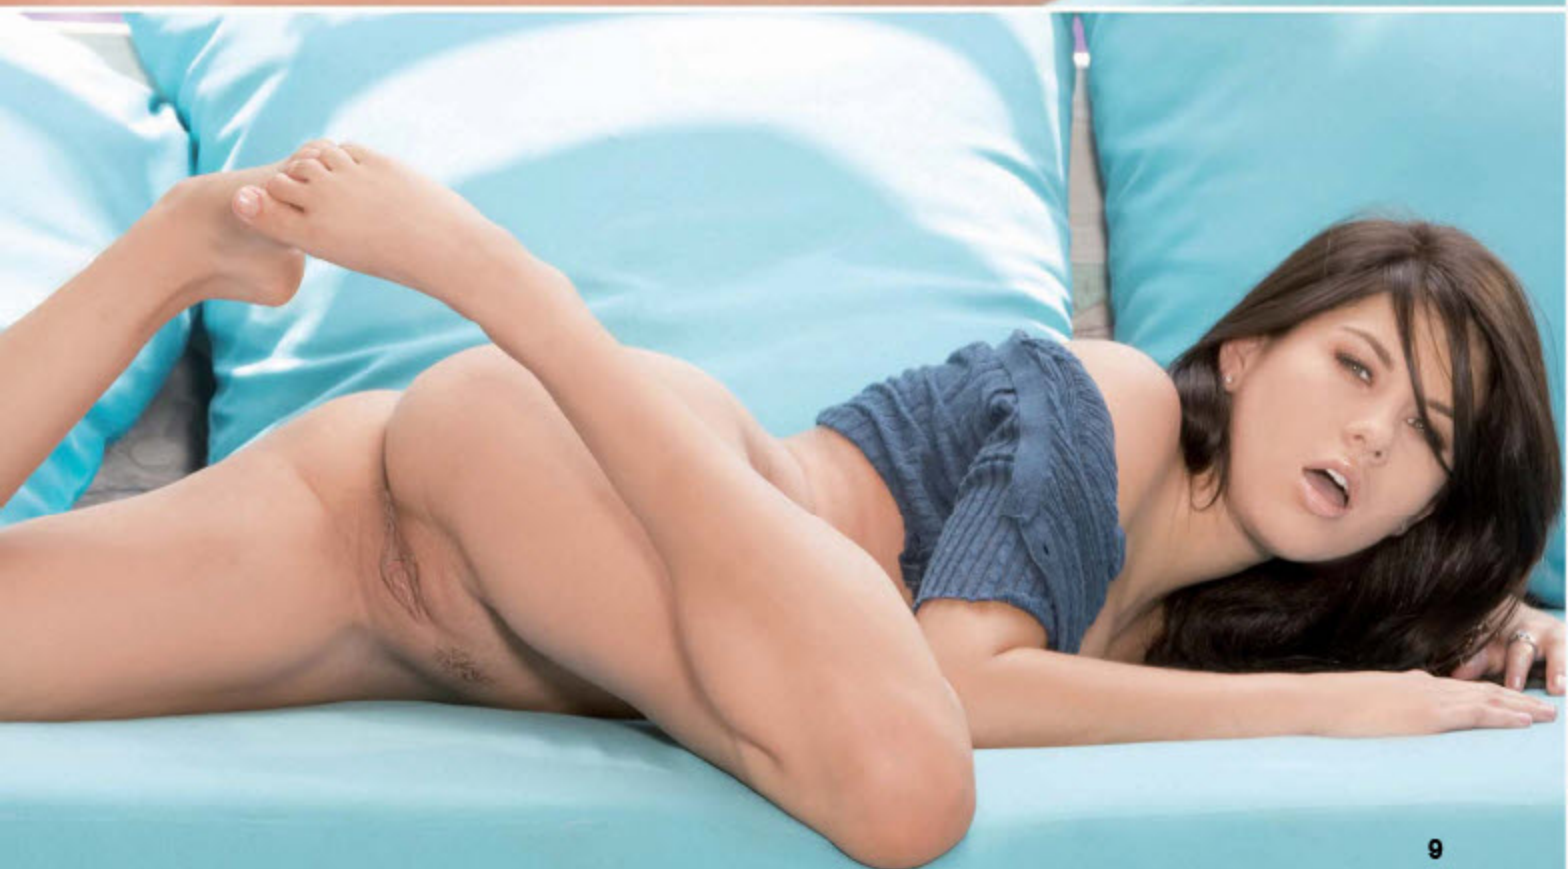

I LOVE the way he is fucking me! Fucking me like a porn star! Like a whore!

He hears me about to cum and he spanks me. The sting on my bum interrupts my flow for a moment—why did he spank me? What did I do wrong? But then the orgasm feelings rush back even harder than before as my cheeks bloom red. I realize he's not punishing me but rewarding me. WHAP! Again! WHAP! I scream a piercing sob of mind-blowing abandon as I cum the hardest in my life under a hail of hard thrust and fierce spanking. *Oh, Jesus, I'm gonna die from this feeling! Please let me be fucked like this forever!*

Would it be okay if we just talked?

Because I'm not sure if I should even be here, you being so much older and all. Of course my parents don't know I'm here. My girlfriends know, sure, I tell them everything. What did I say? I said you were an older guy I'd hung out with and that you were cute—yes, I said "cute"—but that we were just friends. A couple of kisses is all we've done, so that means we're still just friends. "Boyfriend" is somebody you go all the way with, and I'm not sure if I want to do that with you. Because you are so much older, you see. It just doesn't seem right to have sex with somebody who's almost my dad's age. Not real sex, not going all the way sex. Maybe a blowjob would be okay, though.

Do you like the way I'm touching your cock? I haven't done this a lot. Maybe three times. What did you expect? I'm trying my best. But you say it feels good like that? When I stroke it like that? It's not too hard, the way I pull it? Not hard enough? I thought dicks were supposed to be sensitive. But you like me stroking it hard like that for you? God, you really want me to crank it! Look how hard you're getting! That means you like it, right?

Do I look pretty when I suck your cock? To me it makes me shy, because I think I must look ugly with my mouth all stretched open and my cheek pulling out to the side like it is. I mean, I'm sure it *feels* good because your dick must be very sensitive and my mouth is all warm and wet, with my lips sliding up and down as I bob in your lap and my tongue curling up the shaft. But how can you say I *look* good, with my mouth all crammed with your cock and spit running all down my chin? I must look totally gross and disgusting slurping all over you, right? God, even my nose is running and my eyes are tearing up. All I'm trying to do is get it deep into my mouth like I know I'm supposed to, but it's making my whole face wet and nasty with spit and tears—I'd be amazed if you even wanted to look at me after this. But all you're doing is looking at me and you seem so turned on! Do I really look sexy this way? God, guys are weird!

Oh, jeezus, keep licking my pussy like that! That's it. Okay, you can keep licking my pussy but you can't put your dick in. Okay? You've got to promise. I'm not going to let you keep licking my pussy if you don't pro—OH, SHIT! How do you know how to do that? I've never felt anything so good in my life! Oh my fucking God, keep it right there...like that...like that.... Oh, fuck, I'm gonna cum!

Oh, shit, what is your finger doing to me? I've never touched that spot inside my pussy before!

I feel like I'm gonna pee or something! OH MY FUCKING GOD! I'M SQUIRTING! OH, SHIT, I'M SQUIRTING! Right in your mouth! I'm so, so sorry—oh, fuck, I'm squirting and you keep sucking it all down! Oh, my God, I can't believe what you're making me do!

Just put it in. I don't care what I said, just put it in already. Oh, God, I wanna lose it with you, baby, more than I've ever wanted anything in my whole life. Just, please, baby, go easy because it's my first time and you're so big and hard and strong and—OH, FUCK ME! That's big! That feels really big! Is it supposed to feel that big? No, don't pull out! I like it, just slow...oh, a little deeper. It's in me. Look at that, baby, you're in me! Just go slow, okay? You're my first one. Oh, that's it, deeper like that. Oh, fuck, does it feel good, baby? Does my pussy feel good to you? Oh, yeah, I like it too! I love it! Oh your fucking cock is so fucking big! Oh, God, baby! Oh, God, you're doing it! You're making me...you're making me... Oh, fuck, I can't believe it! Right there! Right there! I'M GONNA CUM! I'M GONNA CUM ON YOU, BABY! OH, FUCK ME I'M CUMMING RIGHT ON YOUR BIG COCK!

My first time. Man, I hope I don't get in trouble! Was I good? Did you like it? Am I as good as the older women you've been with? I'm better! You're such a sweet boyfriend. I can't wait to tell all my friends. Could you give me a ride home, though? 'Cause I rode my bike over here and I'm already feeling kind of sore.

To Live and
Suck in L.A.

When he released in my mouth, all I could think to myself was: "How in the hell did I get here?"

I tasted the pearly liquid, peculiar bitter flavor slowly coating my tongue as I listened to his groans. The thick tube of hot flesh crammed between my lips, pulsing and flexing; my cheeks stretched while the ooze of his warm cum built until I gulped to swallow.

He wasn't even cute. Looking up from the nest of pubic hair thrusting at my nose, over the sagging 40-something gut and gray chest hair. His face was flushed, lower lip shivering in a virtual frenzy as he ejaculated in my mouth. Up until now he'd been so good at making me feel small. Only now did I realize what the experience of cumming in my

mouth did for him—what it *meant* for him. All that blasé, half-bored contempt he treated me with had been an act. Eleven years experience as a casting director had given him perfect instincts on how to make a young actress feel disposable, valueless, interchangeable. I was just one of thousands of young wannabes who come to L.A. to try and make it on their school-play resume and catalog-shoot good looks. Then it's bussing tables and long, long audition lines for a part that's already been given away to "a name." Given that, the option of becoming a Hollywood party girl who lives on jumbo shrimp, gin, and free bumps of cocaine seemed like a promotion to me.

And keep in mind I wasn't desperate.

I wasn't starving. I have a good mom and dad I could have moved back in with any time. It was my choice. Because when you're tipsy enough and coked up enough, and the music's blaring loud enough, what you're doing doesn't feel sad or demeaning to you. It feels like you're having fun.

I actually propositioned him. Because it seemed pretty clear after ten minutes of talking that he wasn't at all impressed with me. I wasn't tall enough, my looks weren't defined enough, my voice was too reedy. He didn't say any of that, but it felt like he did. And even though he looked like a too-tan, middle-aged doof that I normally would have made fun of if he'd ever tried to pick me up, he was a for-real *feature-film* casting director, not a television guy. And just to be in a movie, a real movie...what wouldn't you give?

I led him by the hand to the pool house. The party was already kind of winding down anyway. He kissed me for a few minutes. I responded to his every kiss like he was driving me out of my mind, squirming against him as I stroked the front of his shirt. If ever I'd proven myself as an actress, it was that day. I closed my eyes, panted in ecstasy as he kissed down my neck. "You're making me hard," he whispered into my ear.

"I can feel that," I giggled. "And you're making me hot!"

"What do you want to do about it?" he asked.

When I got down on my knees before him,

he gave me a self-satisfied smile and spread his hands in an "Aw, isn't that beautiful!" gesture. I unzipped his slacks and pulled his briefs down to free his cock. Before that day, my cocksucking experience had been this: long-time boyfriend in high school and...nothing. I remember honestly feeling, "Please let me do this right." Funny to think about now, but it's true. "Please, please let me, the prettiest girl in Cassville High, suck off this ugly, middle-aged, fat guy so good that he remembers me tomorrow."

Locking eyes with him, I pushed his fat dick into my mouth as far as I could. It hit the back of my throat. I kept from gagging and twisted to stretch my cheek out on his cock. I kept my hand moving as I bobbed my head over and over, tugging on his dick with my lips. Encouraged by his groans, I fell into my role as a sucking machine, slurping, slurping, milking his shaft with strong, steady pumps of my hand and mouth. His hands went to my bare shoulders, massaging the flesh as I worked on him. My mouth coaxed the cum from his balls. Soon he was as hard as a rock and his hands were touching the back of my head, cupping it, holding it, soon gripping it as his hips fucked into my mouth. Feet planted firmly apart, he finally started bucking and groaning. I went limp, mouth stretched on his dick, knowing I was in for a mouthful. "GAHH!" he released.

He wasn't a bad guy really. He did his best and cast me for a beach party scene where you can just see my head in a couple of shots.

Maybe if I'd let him fuck me.

MARISELLA's SHOT!

AFTER A YEAR OF WRITING STORIES, 19-YEAR-OLD MARISELLA DECIDES TO GET DIRTY FOR THE CAMERA

I stared at the card all morning until I finally summoned the courage to make the call. As the phone rang, I felt a knot in my stomach. He answered and I started in without even identifying myself. "Can you really shoot me without my face showing?" I asked.

He laughed. "It's a shame, but if that's what it takes to get the opportunity to photograph that priceless ass, we'll make it work."

I'd met him just randomly on the street, walking home from a rehearsal on a rainy October day. I guess I was so lost in my own thoughts that I didn't realize I was singing kind of loudly to myself. "Nice voice," this guy said. I turned to find this blond, kind of buff-looking dude walking beside me. Normally I would have told him to mind his own business,

but a cute guy gets a pass. We started talking as we walked down the block and he hit me with the "Have you ever done any modeling before?" line.

"Not really," I answered, trying to avoid eye contact. I just wasn't really in the mood.

Then it's: "But you're SO pretty!" Then he handed me his card.

Now, every hot woman in the Big Apple has been approached at one time or another by some dickwad who claims to be a photographer, but he actually felt kind of professional and the card looked real.

"So, who do you shoot for?"

"Some ads and fashion to pay the bills, but I'm known for my erotic work."

"Dirty magazines?"

"It's a blend. I do more arty nudes for my own portfolio. But, yeah, I've also done a lot of dirty magazine work." He mentioned a bunch of titles. When he got to "TIGHT" I had to laugh.

"What's funny?"

"I write for them."

"Who?"

"TIGHT. I write dirty stories for them. Been doing it for about a year now."

"No shit?" he laughed. "And how do you come up with all these dirty stories?"

"Oh, they're all true," I assured him. "I don't have to come up with anything."

Then the discussion got more interesting. "You know, you have an amazing ass," he said. I couldn't believe my ears. I mean, I KNOW I have an amazing ass. I've been hearing comments about my ass for my entire life. Usually it's from some dumb-ass construction worker, or moaned into my ear as some guy is making love to me, but never before have I had a complete stranger calmly look into my eyes, three minutes after having met me, and tell me I have an awesome ass!

So I must say I was a bit taken aback. So much so, in fact, that I was surprised by my own response. "How can you even tell? I've got a fucking raincoat on."

"Trust me, I can tell. I do this for a living." I could have just flipped him the bird

and walked away. I inevitably would have, had he not been so fucking cute! "Look, I'm sorry if I'm being forward. It's just that, in my job, I'm always looking for somebody new, and I get excited when I see something extraordinary. And your body is extraordinary."

I tucked the card in my jeans and kept walking. He quickened his pace to keep up with me. "Look, I can shoot you very tastefully. I'll make you look amazing. If you want, I can even frame the pictures so we don't even have to show your face."

Full confession: I've always secretly fantasized about posing for an erotic photo shoot but could never really seriously entertain doing it. I was always afraid my mother might somehow see it. I wouldn't risk that for the world!

"What do you mean you wouldn't show my face?" I asked him.

I pushed my jeans slowly all the way down my legs, the shutter click-click-clicking as I bent lower and lower and lower....

He was encouraged by my slight show of interest. "It will be all about the beauty of the female posterior, that would be our focus. We could shoot you in a way that would keep your face from being seen. I'll do it erotically and artfully. I promise you."

I shrugged saying, "We'll see," and left him to enter my building. As I climbed the stairs, I did my best to squelch the little tingles of excitement that were stirring in my belly. I walked into the hallway and checked myself out in the full-length lobby mirror. I turned sideways to look at my profile and got a glimpse of what this mysterious stranger had seen moments before on the street. The rain had soaked my coat and it was clinging to my body. It hugged my curves like a glove. As I studied my figure in the dimly lit hallway I thought, *Damn!*

I googled his name and sure enough, he was a real photographer with a website all his own and galleries of high-class pictures.

That night I had trouble sleeping. I

guess it doesn't really take much to get the wheels of my dirty little mind spinning, but the discussion on the street today had sent me right back into hornyville. By the time I woke the next morning, I was feeling that unmistakable restless sensation. Fuck it, you only live once, I reasoned. Why NOT?

What was I thinking??? How could I be about to strip for a stranger in a lit studio! I stared at that card all morning and then, in a rush, made the call.

It would be an understatement to say I was nervous on the cab ride over, but excited too. I looked out at the grey dirty city gliding by and felt a positive *pulse* of arousal in my pussy, nestled between my crossed legs. It was getting hot in here. I undid the top button of my blouse.

As soon as I laid eyes on him again, I could see that he was even hotter than I had remembered him to be on the

street. I could see that he felt the same. "Wow," he said, reaching his hand out to greet me. "This is going to be great."

The studio was a dimly lit loft, with big screens and lights on tripods. A few oddly placed pieces of prop furniture lay about: a brass bed here, an overstuffed white sofa there. Lots of cables and expensive looking equipment lay around the floor. "We're alone?" I asked.

He nodded.

"Aren't successful photographers supposed to have assistants?"

He shrugged. "I'm pretty capable by myself."

There was a beautiful bed in the middle of the room, with luxurious white sheets and pillows strewn all over it. "Make yourself comfortable. Would you like a drink to relax?" He held up a bottle of red wine.

"I'm only 19," I smiled.

"No, shit," he laughed. "Put this away then. I wouldn't want anyone to say I got a minor drunk and seduced her into posing naked."

"You're not seducing me?" I asked, putting a little coy spin on the words.

"No, no. You're a big girl. You make up your own mind. And in fact..." He pulled out a piece of paper and a pen, "I need you to sign this model release." I filled out the form and handed it back. Then I took out my driver's license and held it up to my face while he snapped a picture.

While he got his lights and equipment ready, I walked around the room exploring. On one wall were strung large prints of beautiful photographs of some amazing female bodies. "These are nice," I said.

"Thank you. So are you."

I turned to shoot him a give-me-a-

my back to the camera and let him take in the sight of my naked lower back. I knew from experience that guys LOVED the sight of my skimpy waist as it met my widening hips at the pant-line. I bent over slightly and gave him a better look. By now I had observed the distinct correlation between the speed of his shutter going off, and how much he approved of any particular pose, and this one seemed to inspire a frenzy of action from the camera. I looked back at him and just before he snapped the shutter I admonished, "No, no, no—no face shots—this one is just for you." I smiled at him seductively and he swallowed hard. We were both getting horny. You could just feel it in the air. The lights were

examining it, capturing me with his little black box.

You might imagine that it would make me feel demeaned or objectified to have him zeroing in on my ass at the expense of all else, but I felt anything but. Instead I felt worshipped, desired, like my posterior was some holy altar that inspired and moved. "Touch your ass," he whispered, and the sound of his voice, so heavy with desire, inspired me. He was only inches behind me. I reached around with my left hand and grabbed one cheek, pulling it to the side. "Fuuuuck!" he groaned. "That looks incredible!" In his words there was a distinct departure from the tone he had been using previously throughout our session, and I knew instinctively that we were entering new territory, that we had just crossed some threshold.

He caught me staring down at him. "I'm sorry," he started. "Did I...?"

"It's okay," I assured him. "I want you too." The words surprised me when they came out. The whole thing was so random in a way, but I had become extremely aroused, my senses heightened, and I needed more. "Shoot me again," I said, and I pulled my ass cheek further apart. "Look how wet I am."

He groaned with desire and went back to work taking pictures. I gazed over my shoulder now, right into the camera, no longer afraid of showing my face as his camera honed in at the juncture of my pussy and asshole. Then he suddenly stopped shooting. He lowered the camera and I could see his face as he stared into my wet snatch. He looked like a teenager who'd never seen a cunt before. There was amazement on his face and lust twinkling in his eyes as he burned a whole through my body. "Fuck, I can smell you from here."

I had no doubt. I can get pretty musky when I'm drenched like that.

"So you like the smell of a nice, phat Latina ass?" I goaded, knowing how dirty talk drives men wild. He was too fascinated to even respond, he just stared at my asshole and pussy like he wanted to dive into them. "Go ahead," I whispered,

"Go ahead," I whispered, my voice going high and soft, inviting him. "Put your face in it."

break look when he caught me with the flash. He was on his knees, shooting me from about ten feet away. "You're taking pictures now? Of me just standing here, like this?"

"I'm taking pictures of your amazing ass stuffed into those tight jeans, is what I'm doing." The flash went off again: pop, pop, pop. He adjusted the lens and got back to it, following my every move. I strode over to the bed slow, swaying my hips. Then I bent over the mattress with my back arched and my ass nice and high. The camera worked overtime.

I was struck by my own lack of inhibition. I'm definitely a bit of an exhibitionist and this was bringing it all out! I started working the camera, twisting my body this way and that, letting my hands trace down my side to butt. We didn't exchange many words. I just went with the flow. It was like a fire burning inside of me, a slow burn.

"Lose some of those clothes," he said from behind the camera.

I unbuttoned my blouse and flashed him some cleavage. He snapped as I slowly worked it off, exposing one tit, then the other. Cupping them now as I let my shirt slip off of my body, I turned

hot against my skin. I could feel the sweat beading in the crease of my lower back.

I turned away from him once again, unbuttoning my pants and slowly sliding them down around my full hips. When he saw that I was wasn't wearing panties he grunted audibly. "Niiice," he moaned and the shutter snapped in approval.

I pushed my jeans slowly all the way down my legs, the shutter click-click-clicking as I bent lower and lower and lower....

Totally nude now, I walked over to the bed and crawled onto it, positioning myself in the middle on all fours. I could feel the dampness of my pussy as I moved. His camera responded in rapid fire. It felt amazing, having him devour me with this machine. It was like he was eating me up, and I felt like a delicious object of pure unbridled sensuality.

I crawled around on the bed like some feline creature, my back arching and my ass swaying back and forth as I moved. It felt big and heavy, and I was aware of its power to arouse. I turned and looked over my shoulder briefly and found the lens alarmingly close. He was honing right in on my beautiful bare ass,

my voice going high and soft, inviting him. "Put your face in it."

He looked at me for a moment, making sure that I really meant it, then just smiled and nodded. He needed no further encouragement. He grabbed my ass in his hands, parted my cheeks with his thumbs, and buried his face in my hot rear end. I could feel his tongue slip right into my snatch, curling through my parted slit. I moaned as he took it all in, lapping me up like a hungry dog. "I can't fucking believe how wet you are!" he gasped from between my legs. I pushed myself back at him and he slurped me down like he was sucking on a luscious fruit.

After awhile he pulled off for air and I took the opportunity to grab him by the shirt and pull him up to my face. We kissed like crazy people, devouring each other's mouths. When our lips met it was something unreal. There are few things hotter than a first kiss, but tasting my pussy on him drove me wild! I couldn't help but think that this had to be the first time I've ever had a first kiss with a mouthful of my own juices. Freaky!

We kissed for a few minutes, tongues wrestling. I was digging making out big time, but this guy wanted more of my ass. I sensed it and decided to take the lead. I wanted to blow his mind. So I pulled away and crawled further from him on the bed. I grabbed two pillows and piled them up on top of one another. Then I lay over them, face down, my ass in the air just waiting to be worshipped. This motherfucker was in his glory. This time I reached around with both hands and spread my cheeks for him. He went down on my ass with a vengeance. His nose was buried in my asshole as he devoured my snatch. The more he licked, the more I lubed, and we seemed to go on like that for an eternity. He was super into it, gentle and intense at the same time. Focusing on the mattress below, my eyes started to go cross-eyed. I was gonna blow on this motherfucker!

When I cum, it's a juicy scene. I mean, I'm not a squirter or anything, but

I get WET. My cum is thick and slippery, and a man going down on me knows that shit has hit! With a toe-curling surge, my orgasm was on me and the flavor hitting his tongue seemed to drive him wild! He slurped and slurped on me without letting up.

Finally he came up for air. I think he could have gone on eating my ass and pussy all night, but I was spent. I turned to face him. "I need to make you cum."

His face seemed shocked.

"Yeah," I smiled. "You need release too. Stand up. Take off your clothes."

He got up and slipped his shirt over his head, revealing a gorgeous chest and stomach. Then he unbuttoned his jeans. He slid them down and only then did I get an idea of the nice, thick package this guy had been keeping. His prick was fat and bulging against his jockeys, just like I like it. He was so hard that he had trouble getting out of his shorts. "Let me help you," I offered, but I had some difficulty too. He was so fucking hard that

I started stroking him with my slippery pussy juice as I continued thrusting my apple bottom into his hungry face.

his prick kept getting caught. Hot. When I finally worked it out, his rigid prick pointed right to his stomach. He was uncut. I LOVE that. Thick and uncut. The perfect combination.

It was his turn. I grabbed his cock and squeezed it tight. "You wanna fuck me?" I teased, stroking him a bit and looking into his eager face. "Get a rubber," I told him.

"I don't have one, but I'm cool," he said. "I'm totally clean."

I was bummed. I REALLY wanted that thick cock inside of me. And I may be crazy, but not totally crazy.

"Sorry dude, no glove no love." He looked crestfallen. "Don't worry, I'm still gonna make you cum so fucking hard."

I reluctantly let go of his big prick and pulled him down onto the bed. I flipped around and got over him on all fours. I was turned so that my ass was facing him and then I backed that thing up.

Right into his face. You could feel his delight when my big, juicy butt made contact. I pushed back hard so that he got not only a face-full of ass but wet pussy too. I ground into him as I wiggled and squirmed against his hungry mouth. The guy was immersed in ass, and he was loving every minute of it.

My ass in his face, I dropped my head down and looked in between my legs. I had a perfect view of his awesome cock, plastered against his toned stomach. What a sight. Almost as hot as the one he was enjoying at the same moment. I let him breathe me in until he was filled with my heady scent. Then I rubbed my hand lightly over my dripping snatch, collecting a palmful of slimy post-cum juice. I reached back between my legs and grabbed his hard cock. I got my hands around the swollen shaft and knew this was gonna work like a charm.

I started stroking him with my slippery pussy juice as I continued thrusting my apple bottom into his hungry

face. He was in ass-lover's heaven. "Mmm-mmph!" he moaned in pure pleasure. His cock bucked in my hand. I knew he wasn't gonna last long.

"Go ahead and unload for me," I coaxed as I stroked him off. "C'mon, I wanna see it. I wanna see your big, beautiful cock shoot all over me." The words put him over the edge. I could feel his thick prick throb in my hand and suddenly it thrummed as the sperm came shooting through his hard shaft. He groaned loudly as he released all over himself, channeling his arousal into harder slurping on my snatch. It practically made me cum right there in his face again. I didn't stop pumping him until his prick had gone completely limp. He kept sucking me in as if he were afraid it was the last drink he'd ever take. But I hadn't seen enough of that glorious uncut beast of his, so something told me it wouldn't be. ♥

Missy jumped into the world of adult movies after turning 18. In under a year, she's performed in over 20 films.

Great shoot! How did you like it?

Posing nude always makes me feel sexy. I'm actually a pretty shy, awkward person most of the time, which surprises people. But when I take my clothes off and get into it I suddenly feel free.

The more naked you get, the more you get comfortable?

It's the opposite of what's supposed to happen, but that's me. People say my eyes are captivating and kind of stunning. Ever since I became a teenager, I've been aware of that reaction in people—my tiger eyes—and because of that I'm always avoiding eye contact. It's too intense and everybody thinks I'm flirting. But you shoot dirty pictures, or do a porno scene, it's suddenly okay to let that intensity out.

About porno: how did you get into that?

It was actually a very thought-out decision. My boyfriend and I decided we weren't going to make bills. He came up with the idea of putting my name on a sex job post. Only a few days later, I was out in L.A., doing my thing.

Your boyfriend wanted you to do this?

He wanted it for us both. We both grew up in a real small town in Maryland. There's nothing going on there, and we both really liked watching porno movies. And fucking to them! [Laughs] He thought it would be a good idea to make money for us.

How did it work out?

Well, I got work right away! [Laughs] He's still trying to break in. He just picked up an agent and is waiting to do his first scene. So far he's only being offered gay work. He's not homosexual and never had gay sex before. But he's feeling kind of useless with me making all this money and him just sitting around the house. I'm like, "Dude, I've sucked off enough strange guys for movies; you can stand to have a guy suck you off just once." [Laughs]

Or fuck a guy in the ass?

Yeah! My ass has been totally fucked raw this year by a lot of guys—including him! I think he can manage to stick it up one guy's butt!

You don't seem to be too happy about the anal sex you've done.

I'm not going to lie; it's not my favorite. It hurts and it takes so much work to warm the ass up so I can fit a big dick up there. Also, enemas and cleaning—all that stuff. But it's what all the guys want, so you can't avoid it. I do try to span out the anal, because too much can affect you negatively. And I need to take care of my little butt because that's the moneymaker.

What was your first scene like?

Scary. Weird. I did it with a very well-hung French guy they had flown over. To be honest, he kind of freaked me out. It was my first uncircumcised cock. Also, it was an anal scene, and I wasn't that experienced with it. I'd just turned 18 a few days before! But as soon as the cameras got rolling I got down to it and fucked like a pro.

Pretty wild! How did your boyfriend react to it?

He wanted to come and watch, to support me, but when we got there they told him he had to wait outside while I was working. Later, though, he kind of slipped back in. He came in right in the middle of my scene, with me bent over and getting fucked in the ass really hard. I mean, here's this really big, muscular French guy, and I'm just wailing, "Ooooh! Oooh, yeah!" Trying to make it better in my mind to get through the scene. And then I open my eyes and he's right there.

How did that feel?

It felt like cheating. It felt wrong. But at the same time—I'm not going to lie—that also made it kind of hot!

You got off on cheating on him?

It was more like, "You wanted this, motherfucker!" [Laughs] It messed with his head a little, but I figured it was sort of pay-back. Considering it was me who had to bend over and take it up the butt! [Laughs] Anyway, I always love angry, hot, rough sex, and I was kind of angry at him that day. It helped me finish off the scene, and I swallowed all the French guy's stuff—my first time doing that ever!—out of respect.

So what's up next for you?

More movies. I love sex, so it's all good. Keep it dirty and buy my movies!

Jessie is attending college in Florida, but is taking time off to pursue a full-time career as a performer in adult movies:

That was a great shoot! Very hot! Was it hot for you?

Actually, the water from the hose was kind of cold. [Laughs] Seriously, though, I love posing nude because I love being the center of attention. It really *does* turn me on.

Well, you look hot. It must not be hard to get attention.

Yeah, I guess my look turns guys on, my hair and all. But, because I started dieting and working out, I think I'm losing my perfect ass.

It's still pretty perfect.

Pretty perfect is not perfect. I want it to go BAM! [Gestures with hand.]

So, we understand you've already started on an adult film career.

Yeah. I've had sex in an audition and already shot a few scenes.

How was that?

Cool. I like sex. I always have. Even my first time was a pretty perfect 10, classic summer on the beach, romantic—awesome! So sex on camera, it's kind of cool.

You don't get nervous?

Depends. I haven't gotten used to the porn star life yet. I still think of myself as pretty much a good girl. But even good girls like to get naughty! [Laughs]

Tell us how the first scene went.

Well, the first scene wasn't actually on camera, it was a try-out with a performer, Brandon Iron, in the office of his production company. We talked a bit, I filled out some paperwork, and then he unzipped and I got down on my knees and blew him. There were other people in the room, production people, which made me nervous. But, like he said, if I let a few people watching me give a blowjob throw me, I had no business being a porn star.

You must have passed the audition; they hired you.

I did great. I love giving head because I'm a real giver. I get pleasure by pleasing other people and when I give head I'm in control of that—my guy's always pleased! Brandon's totally huge, the biggest I'd ever seen, but he said my oral skills felt as good as he'd ever had. That was good to hear. After he came for me—which I swallowed, by the way (he actually tasted pretty good!)—everybody in the room clapped.

What about your first on-screen scene?

It was a lesbian scene with a girl. I love getting eaten out from a girl because they tend to be better at it than guys.

How do you like to be fucked? How can a lover best make you cum?

I actually have a very specific thing that gets me off the most: I love missionary position with me sideways with his hands around my throat. I have to be on my right side, so the guy curves up because I guess my G-spot is a little to the left. When a guy has a little bit of an up-curve—and most guys do—I instantly go into screaming orgasm-land. And the hands on my throat? I don't know, for some reason they just make it better.

Is there anything you won't do?

I don't like anal. You get paid a lot of money for it but it's not for me. I totally don't understand why it's such a big craze in the adult world. I know my butt looks cute, but why not fuck vaginally? My pussy feels tight!

Have you always been such a sexy girl, or has porn made you more so?

Always sexy! I remember this Halloween party where I had sex in front of the whole party on a dare. I was in a sexy devil girl costume and I just blew the whole room away!

Pretty wild! Do you have a boyfriend, and what does he have to say about all that?

I don't have boyfriends anymore. I just keep lovers for when I need them.

When you kiss me, I feel a touch of vertigo.

It's like I'm suddenly falling a little bit, or maybe more like floating. The world spins away and I'm just wrapped up in your arms, my breasts pressed up against your chest as I lean into you. Your warm lips thrill me and my knees go weak. Nobody else has ever made me feel this way.

We dim the lights. This is our time. Your wife isn't expecting you for hours. I got here to the hotel room early and put on the special pink underwear you like. Do I look good? Please tell me I do. I want you to want me. I start to undo the buttons on your shirt. I've been waiting days for this moment. Sometimes it's felt like too much. I've been so distracted with thoughts of you I can't concentrate in class. And, sometimes... I couldn't help it... I've touched myself thinking of you. Yes, I masturbate to thoughts of you; does that surprise you? How can it? Haven't you seen the way I react when you love me? Did you think I was faking? No, it's all real. Nobody makes me feel the way you do. You've got the magic touch.

Let me lean back and open my legs for you. You want to kiss me down there? Go slow and take your time, because I love the way you lick me. Your tongue explores my pussy with a master's touch, coaxing those warm, wet, delicious feelings right out of me with each little curl of your tongue. You suck my pussy like you love it. Do you, baby? Do you love my pussy? I don't need you to stop and answer: I can tell that you do. Yeah, keep it right there.... Oh, baby, you make me feel so good!

Do you want me suck you now? Is this good, with me on my knees? Oh, I've thought about this so much the past week! I fantasize about sucking your cock all the time. It's my number one dream to get me hot. It is! Because I think your cock is so beautiful, baby. I'm serious! Of course I don't expect you to see it; you're a guy. But your cock is so sexy looking and I love to suck on it. Mmm! So good!

Just relax and let me go to work, baby!

I'm going to make this time the best one ever! Mmmm!

Oh! I think you just shot in my mouth! Yikes, that's a lot! Careful for my eye! On my breast, yeah, that's it. Look at all that! Oh, baby, you couldn't hold it? It's okay but....

It tastes funny. No, it's alright, I'm not saying bad, just funny. It makes my nose tingle. Do you want me to wash myself off now? I must look pretty gross.

Wow, you're still hard! You still haven't gotten soft all this time? Can we still do it? Can we, baby? Please tell me we can! I'm open and ready for you, baby.

OH! OH, I LOVE IT!

Oh, I love the feeling of your cock slipping in! Oh, baby, you're so big and hard. I wouldn't have thought it was possible so soon after shooting, not at your age. Does this mean you really like me, baby? Do I make you hot? Oh, please tell me I do! Tell me everything you feel while you fuck me! I feel so connected to you. I want to know everything that's in your heart when you're inside me.

Oh, you know how to do it so good! Right there! Right there! Oh, gosh, you are fucking me so strong! No, it doesn't hurt—keep going! Like that...like that...like that...! I can feel it! I can feel it right there! It's coming! I'm going to cum for you, baby!

**You're the only one who's
ever made me cum, baby!**

I'm going to give it to you! Oh, this is going to be the biggest one ever! You're doing me so perfect!

OH! MY! GOD! Oh, fuck! Oh, jeezus fuck! I can't believe what I'm feeling! Shit! Shit! Oh, that's it! Yeah! Yeah! Yeah! OOOOH, GOD!!!

Oh, baby, I love you so much. Someday I know you're going to get your life organized and we'll be able to be together forever and ever from then on. I can just see it now. We'll have a little house and you'll go to work while I stay at home and cook you dinner. We'll be so happy, baby, I know we will! But until then I'm satisfied to keep meeting like this. Not content, but I can wait for you.

Do you love me too, baby? Tell me you do.

We skipped school so we could hang out together.

We were still in a stage where we were calling ourselves “friends,” but the kind of friends that get nervous about making eye contact, or standing too close or too far away. All that sexual tension had us both acting so awkward, afraid of saying something stupid but afraid of silence too. Up until that afternoon we’d always had our friends around us, my group of girls hanging out with his group of boys. And now we were here alone because the two of us were drawn together like curtains on a rod.

I'd fantasized about kissing him for days. To be honest, to look back, I didn't really know him that well. The truth was I just wanted a boyfriend; that was my real fantasy. I'd never had one before and it just seemed like it was time to have one. He was cute enough, nice enough, popular enough. But would he like me? I just had no experience to help me with that. With girls, I knew what made a good friend, a desirable companion, a fun playmate. But with boys, who really knew how their minds worked? I had blonde hair; that was supposed to be good. And I was relatively thin. Boobs: okay. Face: pretty good. Personality? Who could say? What did he want me to be?

That's why kissing was so perfect.

I could lose myself in kissing. I sat close to him out back behind my house, by the pool. I smiled at him. Surely he could pick up the psychic messages I was sending? But he wasn't making much eye contact and the story he was telling about seeing this one band at this one club...it just kept going on and on. I finally leaned in and kissed him. He was so surprised that he flinched. Then he smiled and came back at me. Our teeth clashed as he tried to go in for a kiss. He put his arms around me and I put my hands around his neck. We settled into a nice making-out rhythm, our bodies pressed together as our mouths explored. He used his tongue too much, but then again so did I. We were both just trying to figure it out.

Then I felt his hand feeling under my shirt on my tummy. I didn't mind him touching my tummy, but I knew that's not where it was stopping. But did I want him to stop? What would it feel like to have him touching me on my breasts? My pussy? Sure, I'd felt myself up before and that felt good, felt arousing, but only okay.

I learned that day that fondling is a lot like tickling: you can't really do it to yourself. You need another pair of hands to get the full effect. He wasn't the most expert lover, but just the excitement of having him explore my body thrilled me in a whole new way.

I subconsciously started to rub my thighs together, not

realizing it was because my pussy was getting wet. Then, in mid kiss, he slid his hand down my panties and started to explore his fingers into my slit. We tongue kissed as he probed me with his middle finger, my body writhing in excitement.

"Can you touch it?" he asked. At first I honestly didn't know what he was talking about. I thought he meant my own pussy. Then I saw he was unbuttoning his shorts, pulling it out. It was pretty good sized, the first cock I'd ever seen in person. I reached out and touched it gently.

"Like this?" I asked.

"Harder," he breathed. He put his hand over mine, guiding me up and down and squeezing my grip tighter. His other hand was still in my pussy. We kissed deep as we worked our hands on each other. At some point it became apparent to me that we were going all the way, trying to get ourselves off. I'd never given a handjob to a boy before, had no idea how close or far away I was to finishing. But, sighing, I steeled my resolve and started cranking his dick hard. He evidently liked it. He closed his eyes and little shudders went through his body. "Oh, God...right there."

I flinched when it squirted on my hand. I don't know what I was expecting, but it wasn't that. He pulled my hand back on his and made me stroke him off to finish. I wasn't resisting, just weirded out. And then came the pride: I'd just made my first boy cum.

That was my first sexual experience with my first boyfriend. As we got to know each other better, I learned I didn't really like him that much. Still, you have to try to learn.

I love giving head because I know I'm so awesome at it.

Now I know that's a funny thing to say and I know that a lot of people are going to think I'm just trying to shock you to get attention. I skipped college and decided to go into the adult movie industry instead and, trust me, I meet a *ton* of girls like that in my work. Girls who just crave attention *so bad!* They will say absolutely anything—and sometimes *do anything*—to get it. But with me it really isn't a pose or a boast. I'm really awesome at giving a blowjob. I'm a natural. It's rare but it's true. There are girls like that out there and I hope each and every one of you has a chance to be with one of us at least once, because a girl like me can give you one of the most satisfying experiences of your life.

This is what will happen. I first get down on my knees in front of you, very ladylike. I want you standing over me, looking down at me as I service your cock. I look up at you with my big, brilliant green eyes. Everybody says they're my most captivating feature and a lot of guys tell me they feel almost hypnotized by them.

I take hold of you with a firm hand and immediately start cranking you with a swirly motion.

Straight up-and-down will only build friction up on one side, and I want your whole shaft feeling good. I give you a sweet nod and a smile: I'm anticipating this as much as you are. This blowjob is going to get me off too.

And then I take the plunge. Right off, I'm sucking for real. A lot of girls think guys want teasing but they're confusing his feelings with their own. When you tease a guy's cock you're not giving him pleasure, you're frustrating him. He starts to suspect you may only get him riled up without any payoff. Guys are used to that. And they hate it. I suck you right down deep and that tells you: I'm hungry for this cock.

I'm stroking and sucking and stroking and sucking.

Hand and mouth moving as one. Eye contact the whole time because we are *sharing* this. Sometimes I push my tongue out and flat lick and polish that ice-cream-popsicle-cock until I've slurped the spit right off it.

You're feeling good, aren't you, baby? I can tell. Those sighs and twitches, gasps, toe curls, fist clenches—I can read you like a book. I'm giving you everything you've ever wanted. And I don't slow down. I go to work, chugging and chugging, to make sure you never get a chance to go soft.

Sometimes I've got to pull off because I can't take it.

I need a rest to swallow all the spit that's built up, but my hand never pauses. Both hands, because I've been rubbing my pussy the whole time, getting off on this thing we're sharing.

You want me on my back? I don't have to be told. I know every guy dreams of having a cute girl lay her head back for you while you just lean over her and fuck her in the mouth. Your dream is coming true right now. Get over me, put it in. Go ahead and start pumping your cock between my lips, I can take it. I rub my pussy the whole time while you fuck my face—I'm as into this as you are. This is going to be your best blowjob ever and I stake my reputation on it. On your deathbed you are going to think of this blowjob and a little smile will raise the corner of your mouth because once, just once at least, you had a beautiful 18-year-old girl with flashing green eyes underneath you and you just went for it, cut loose and totally face fucked her.

You feel me stroking you? You feel me sucking you? *I'm inviting you to cum in my mouth.* Give it to me. Hold my hair like a pair of handlebars and steer me onto your cock. This is your big pay off and I'm ready to swallow it for you. That's right, I swallow. Spitting it out is awkward and unladylike and not attractive. Swallowing is the cherry on the sundae. Swallowing tells you I love your big cock and I'm ready to take all it has. Go for it, baby. Give it to me. Give it all to me. I want you to fill my mouth up with your cum. Do it!

You will be gasping your thanks for ten full minutes after I'm done with you. You will be flat on your ass in wonder at what I've done with your cock. I'm not exaggerating. Some girls are magic like that. I'm one of them.

Slippery is Better

AGE

FROM
Moorpark,

I pour the lube out on my hand. We've never played with this before, lube. He brought it here and said I would totally get off on it because it makes everything better. I don't even know what he intends to do with this stuff and I don't ask him. I'm shy like that.

He pushes down his jeans and there's his cock right in front of me. We've kind of already moved past handjobs but I guess he's thinking the lube stuff will make it better. So I close my hand around it and get it nice and slippery and shiny. I start stroking him off. He's hard as rock already. With my oily palm I can start picking up speed right away and he's right into it in a couple of seconds. He's watching me do it,

grunting these cute little grunts as I churn his fat slab of a cock. The muscles of his finely chiseled belly are tightening. His breath is changing. "It smells like strawberries," I giggle.

"Supposed to taste like it, too," he grunts.

I lick my lips and let my hot breath blow down his shaft to his balls. He shivers in anticipation. A tickle of tongue and I can taste the berry flavor on his hairy sack. Then I slide it up the shaft and suddenly the head is between my lips and I'm sucking him just the way he likes. I have to smile, which breaks off the sucking for a moment, but I can't help it. "God, you taste just like candy!" I laugh.

"Suck it down," he groans, voice thick with desire. "Do it like I like."

I can feel the pulse of his cock as he crams between my lips. He's never felt so big and hot before, and I can feel my body getting turned on, thrumming with sex vibes, at how far I have to stretch just to take him. His eyes meet mine and we both shiver with desire.

I don't need the lube on my pussy, it's more than wet enough. But he squirts it on anyway and then goes down on me hungrily. "You like how that tastes?" I gasp. He doesn't answer with words but *shows* me, slathering his tongue through my slit until I'm squirming. My ass is raising off the bed, balanced on curled toes as my whole body tightens in preparation for the big, fat, juicy O I can feel building. He fingers my clit while his tongue is massaging the lowest point of my V, licking and slathering and exploring down into my crack. He's slurping the strawberry lube off my butt like candy juice, pushing my knees up into my chest. And when his tongue goes up my ass I can only whine with the totally conflicted feelings tearing me in two: *I've never been so embarrassed! I've never been so turned on!* He licks my asshole and probes it with his finger, on and on, until I am cooing with surrender.

"Please don't put it up there," I whine.

"Baby, c'mon!"

"We tried it before already. I know you like it but it doesn't feel good to me."

"The lube is going to make it better, I promise."

The head is already pressing against my hole. It's now or never if I'm serious about stopping this. But I don't say anything, only close my eyes and moan. It's pushing in. I grit my teeth, preparing for that awful first spike of pain, but all I get is a dull ache that slowly blossoms into a warm yawn of straining muscle. And there it is: a big, hot *something* pushing up into my ass. "Is it really in?" I gasp. "It hardly hurt at all!"

"That's how I do it," he sighs. "When I'm done with your ass, it's gonna love getting fucked by me!" He starts slowly sliding up my hole, pulling back rhythmically, letting me get used to him.

My ass is stretching around him and starting to move to the pace of his slow thrusts.

It's not like the other times we did it: the awful discomfort and sense of *violation*. His cock feels *right now*, like it belongs there. Fucking my ass steady and strong, I feel my body start to open up and surrender to his dick. A few minutes in and he's pushing deep, sliding it into my butt with long, slow strokes. I strain my neck and kiss him just as he gives it to me all the way, right up to the root.

"I love you, baby," I gasp.

"You love it in the ass?" he smiles. "I know you do. C'mon, tell me you do."

"I love it!" I sob. "I love you fucking my tight little ass!"

He groans with the thrill of satisfaction my words give him. It's all he wanted to hear. My head falls to the pillow as he starts picking up the pace, pumping me strong now, seconds away from cumming too goddamn soon—but he can't help himself! I gasp in joy, astonished by my own reaction as he lets it all go in my butt. What a difference a five-dollar bottle of lube can make!
